EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jacob Koering on 05 March 2004.

The application has been amended as follows:

In claim 1, line 8, change phrase "less than 90E" to "less than 90°"

In claim 1, line 12, change text from "inclination (-3-)" to "inclination (β)"

In claim 1, line 19, change word, "propatation" to "propagation".

Allowable Subject Matter

2. Claims 1-12 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable for at least the reason that the prior art fails to teach or reasonably suggest, "are arranged such that if parallel light, which has a direction of propagation perpendicular to the blaze flank, impinges onto the grating, the counterflank is not exposed to parallel light" as set forth in the claimed combination. Claims 2-12 are allowable based upon their dependence on claim 1.

The prior art of record, Staunton teaches a grating with a multiplicity of parallel diffraction structures succeeding one another periodically and each incorporating a blaze flank and a counterflank but does not teach that if parallel light, which has a

Art Unit: 2872

direction of propagation perpendicular to the blaze flank, impinges onto the grating, the counter-flank is not exposed to parallel light and there is no motivation or teaching to modify this difference as derived.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alessandro V. Amari whose telephone number is (571) 272-2306. The examiner can normally be reached on Monday-Friday 8:00 AM to 5:30 PM.
